

## Tea Tray Part II, continued

Napkins: Bunny advised to “roll” your napkin fabric around a toothpick, then slip the “ring” over the fabric, add a dab of glue then slide out the toothpick.

Left is Lori Ann's completed tea tray.

She filled her cup with tea and note how she frayed the edges of her napkin.

Everything looks good enough to eat!

In order for me to take good notes at the meetings, I completed my tray going by the photo of Bunny's tray. (see photo of Bunny's tray with the instructions from Class I).

I tried my hand at gold leafing and put my lemon onto the cup.

In 2015, when I was having lunch with friends (including Peggy & Theresa from MCBC) at Café Residenz (on the grounds of Schonbrunn Palace, Vienna), miniature artisan “Orsi Skulteti” drove from Budapest to meet up with us and sell her amazing selection of work. I purchased her confectionaries and chose to showcase them on my version of Bunny's Tea Tray above.

**From our brand new members Maureen and daughter Grace! A Wonderful job! A happy new miniaturist!**

I'm sure I speak on behalf of all members in extending a big *“Thank You”* to Bunny!
